

Ingredients: Spirulina Platensis Microalgae, Barley Grass Powder, Wheat Grass Powder, Stabiliser: Silicon Dioxide, Magnesium Salts of Edible Fatty Acids; Zinc Gluconate, Iron Sulphate, Copper Sulphate, Manganese Sulphate.

6 pellets contain: Spirulina Platensis Microalgae – 1,110 mg, containing Vitamin B12 – 5.2 µg = 208*, Barley Grass Powder – 600 mg, Wheat Grass Powder – 600 mg, Zinc – 1.5 mg = 15*, Iron – 2.1 mg = 15*, Copper – 0.15 mg = 15*, Manganese – 0.3 mg = 15*. / * = % of the Nutrient Reference Value (NRV) under the EU Regulation on the provision of food information to consumers.

This product brings together three unique and valuable plants in one single food supplement, namely the aquatic plant spirulina platensis (a freshwater algae) and the two land plants barley grass and wheat grass. The microalgae spirulina platensis, known through our legendary Original Spirulettes®, contains over 4,000 wholly natural individual compounds. And over 4,000 wholly natural individual compounds are also to be found in the land plant barley grass. We have further enhanced this already unique formulation with wheat grass and the over 100 wholly natural individual compounds which it contains. So with just one pellet, you can already treat your body to no fewer than 8,100 completely natural individual compounds from these three high-powered plants. This wonderful, valuable threesome from the garden of Mother Nature is unique and in a class all by itself.

Original Spirulettes®

With Barley Grass and Wheat Grass

NATURA VITALIS®

Food supplement with the mineral substances zinc, iron, copper and manganese, the spirulina microalgae with the vitamin B12 contained in it, as well as barley and wheat grass powder. Vitamin B12 contributes to reducing tiredness and fatigue, and also to normal functioning of the immune system. Iron contributes to normal oxygen transport. Zinc contributes to a normal acid/base balance within the body.

Recommended dose: Take 2 pellets every day in the morning, at midday and in the evening with plenty of water.

Storage: Store this product in a cool, dry place and away from direct sunlight.

Information for diabetics: 6 pellets contain 0.03 CE (carbohydrate exchange) units.

Best before end: See date on base of container.

Caution: Do not exceed the recommended daily dose. Food supplements should not be viewed as a substitute for a balanced and varied diet and a healthy lifestyle. Keep the product out of sight and reach of children.

Contents: 1000 pellets / 400 g
